Re: Notice of File Closure for Small Mining Activities, Sundance Mining Company, Inc., Sundance Mining Mill, S/055/010, Wayne County, Utah

Dear Mr. Terry:

This letter is to notify you that file #S/055/010, for the Sundance Mining Mill project, located in Wayne County, Utah, will be retired from our files. On February 24, 1999 we received your request to inspect the site and close this notice. Due to the numerous inspection requests we received, we were unable to perform all the requested inspections during the 1999 year.

On April 12, 2000, I performed a field inspection and found that the land ownership has been changed and there is no mining or milling activity at this site. Therefore, Sundance Mining Company is hereby released from any further mining or reclamation responsibility at this site. You will not have to pay the \$100.00 permit fee that was recently sent to you.

If you wish to start any mining in the future, you will need to submit a new notice to the appropriate agency, pay the Division permit fees, and receive written approval(s) prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
